

PROTECTING RELIGIOUS FREEDOM: AN INTERFAITH INVITATION

# RELIGIOUS *Freedom*

---

LEARN WHAT PEOPLE OF FAITH AND  
GOOD WILL CAN DO TO PRESERVE AND  
STRENGTHEN RELIGIOUS FREEDOM

---

Freedom of religion is a fundamental human right that protects the consciences of all people. It allows us to think, express, and act upon what we deeply believe. But in many parts of the world, as in the United States, this freedom is eroding. Religious organizations and individuals face increasing restrictions as they participate in the public square, express their beliefs, or serve in society. Please join our panel of local faith leaders and international experts to discuss religious freedom threats and what you can do to make a difference.
